

MEDIA RELEASE
January 18th, 2010
Regional District of Bulkley-Nechako

The Regional District of Bulkley-Nechako is pleased to announce that our newly constructed Mining Web Portal will be unveiled at the Minerals Roundup Conference in Vancouver on January 18th, 2010.

The web site has two main purposes:

1 – To provide information to local residents and businesses regarding mining and exploration projects in the Region with the purpose of attracting, retaining and expanding mining support services in the Region; and,

2 – To provide relevant information on the Regional District of Bulkley-Nechako to mining and exploration companies and other interested individuals, with the purpose of attracting, retaining, and accelerating mining and exploration operations in the Region

The site includes various interactive tools such as the ability to post and view employment opportunities, interactive maps with detailed information on exploration sites and operating mines, media releases/hot topics, a local service and supplier company directory, an exploration company blog and many other features.

We encourage you to visit www.mining.rdbn.bc.ca to take advantage of the wealth of mining related information.
